

ULTIMATE RUBBER ROLLS & ZIP TILES

North West Rubber's line of Ultimate Rubber Rolls and Zip Tiles are made with recycled rubber and vivid EPDM color granules in a wide range of color options. Ultimate's slip resistant finish, low odor, flexible installation options and affordability make these rubber rolls and interlocking tiles a great choice for health and fitness areas, athletic facilities, hospitality, education, retail and workplace settings.

FEATURES & BENEFITS

- 
Flexibility
 NWR's Ultimate product assortment is available in rubber rolls ranging from 6mm (¼") to 12mm (½") in thickness and in lengths of 25 feet to 150 feet or in 28.5'x28.5' interlocking tiles. Custom lengths & thicknesses available upon request.
- 
Comfort & Sound Absorption
 Designed to provide comfort underfoot to strain on feet, legs and joints of users while minimizing noise in heavy traffic areas.
- 
Slip-Resistant
 Provides a secure grip on various surfaces, making it highly effective in preventing slips, skids, and falls.
- 
Protection
 Reduces the risk of damage to equipment and sub-floors resulting from weight drops, cleated shoes and skate blades.
- 
Odor Reduction
 Ultimate's lower odor and minimal off-gassing makes it ideal for use in indoor spaces.
- 
Fast & Easy Installation
 For fast and easy DIY installation, Ultimate interlocking Zip Tiles hold together securely without the need for expensive adhesives, tapes, or the labor to apply them.
- 
Color Options
 Available in a large number of color combinations, Ultimate is manufactured in the USA from vivid EPDM color granules.
- 
Environmentally Friendly
 Ultimate Rubber Rolls and Zip Tiles are made with up to 92% recycled rubber providing a sustainable, environmentally responsible resilient flooring solution.
